WRITES A STRONG LETTER

Democratic Candidate Sends One on Constitution to Old Neighbors.

(By Associated Press.)
NEW YORK, October 18.—The political ituations in Indiana and New Jersey were important affairs of the Demo Parker after he arrived here to-day.

A report was made to him concerning Indiana by Simon P. Sherin, who was secretary of the Democratic National Committee in 1892. Mr. Sherin was intro-duced by National Chairman Taggart, who minary to leaving New York to-morrow

to be far more complex than in any of the doubtful flates, and the result more dependent upon the work done in the re-

could assure Judge Parker he would lose no Democrats by his declaration that if elected he would revoke the executive or-der and use his influence to have Con-gress enact a service law.

DISCUSSES CONSTITUTION.

Judge Parker Sends Strong Letter to Ulster County Meeting.

NEW YORK, Oct. 18.—Judge Parker discussed the question of constitutional government in a letter read to night at a meeting of citizens of Ulster county. The meeting was arranged Wm. S. Rodie, Charles M. Preston and

to night was large. Judge Parker's letter, which is addressed to the Committee on Arrangements, was in part as follows:

"I want to say just a word about the significance of your meeting. It is well that the sons of old Uster should hear a part in the great struggle for government by the rule of the Constitution. There is a peculiar appropriateness in it. Ulster was the birthplace of the first constitution of the Empire State. Twelve years before our national constitution was in operation, that of New York was formulated and adopted at Kingston, and the State government was established there in conformity with that constitution.

"The Federal Constitution is a chart that sets forth the course the ship of state should sall to insure voyage. By it government is allyided into three departments. Each department is to perform its proper and specified functions.

"This is popular government in its most perfect form. So long as each department perforse the functions, and only those, conferred upon it by the people through the constitution, so long are we sale. Under Republican administration this rule has been disregarded. One of the branches of the national government has on one occasion gone beyond its authority and usurped functions withheld from it by the Constitution.

"Therefore this is in issue: Shall the ship of State sall by the people's chart or at random?"
